Our COMPANY

The Carsafe is a Monaco-based company which was founded in 2016 by car specialists and enthusiasts with only one obsession: to offer the most on demand and reliable driving experience without any constraints.

By developing over the years, we transitioned from just providing first class storage facilities to now being entrusted by demanding owners and collectors who have chosen our expertise to store, enhance, maintain, clean and repair some of the most impressive automobiles ever built.

We feel privileged to look after some of the most beautiful cars in the world like the Ferrari 275 GTS, 275 GTB, 250 Lusso, La Ferrari, Bugatti Veyron, Chiron, Divo, Aston Martin DB5, Valkyrie, Lamborghini Miura, Aventador, Huracan, Porsche 918 Spyder, and many more...

In 2020, The Carsafe has invested massively to create the most exceptional car storage facilities you may find in Monaco and its surroundings.
